Westside Union School District
Pointing the way, providing the path

# WESTSIDE UNION SCHOOL DISTRICT

September 25, 2020

## MEMORANDUM OF UNDERSTANDING
## Between the WESTSIDE UNION SCHOOL DISTRICT and WESTSIDE UNION TEACHERS ASSOCIATION

This Agreement is between the Westside Union Teachers Association ("WUTA") and Westside Union School District serving as an addendum to the "Year Long Distance Learning Teachers MOU" dated July 28, 2020.

Clarifying Points for Acellus Program:

- The Acellus program is a virtual assist math and language program that is a parent choice and is offered in place of the regular assigned teacher. Acellus will serve as the primary instruction for math and language courses and provide the required assessments for those that elected to participate in this option. Teachers will be required to monitor that students are participating in this program on a regular basis

- History and Science grades will be based on work completion and assessments assigned by the teacher that is aligned with the work assigned to the remainder of the class. In addition to live instruction, recorded lessons and utilizing the flipped instructional model are appropriate for blended program students

- Grading for math and language for Acellus students will be done on a supplemental report card based on the performance in Acellus

- The District is working on supplemental materials that can be provided for instruction if completion of Acellus occurs

This MOU will expire on June 30, 2021
